

KAWAI

DIGITAL PIANO

CL Series

CL25 / CL35

CL25 : ULTRA COMPACT

The *Compact Line* range of instruments provide an excellent introduction to KAWAI digital pianos, featuring an authentic weighted keyboard action, a selection of high quality sounds, and a modern, slimline cabinet design.

The modest functionality of the CL25 is ideally suited to students wishing to practice in their own bedroom, or pianists that require a compact instrument without wishing to forgo realism and authenticity. It offers an uncomplicated, yet highly enjoyable piano playing experience at a very attractive price.

MODERN CLASSIC : CL35

The intermediate CL35 model delivers the same functionality and compact footprint as the CL25, while offering a number of enhanced features. In addition to the larger selection of high quality instrument sounds, the CL35 also utilises KAWAI's latest 88-key piano sampling process, with damper effects further enriching tonal authenticity. Moreover, the integrated lesson function and *Four Hands* mode allows two budding pianists to enjoy practicing the piano in pairs, making the CL35 ideally suited to young families wishing to encourage musical expression within the home.

AUTHENTIC TOUCH

Developed to accurately represent the touch of a traditional grand piano, the improved Advanced Hammer Action IV keyboard adopts KAWAI's remarkable springless construction, with graded key weights for each playing range. This innovative process allows greater stability during fortissimo passages, while preserving delicate pianissimo control, to satisfy the demands of even the most discerning pianist.

EXCEPTIONAL TONE

The CL25 and CL35 capture the beautiful sound of KAWAI's highly acclaimed hand-crafted concert grand pianos, employing proprietary Harmonic Imaging™ technology to faithfully reproduce the broad dynamic range of these exceptional instruments. In addition, the CL35 also utilises KAWAI's very latest 88-key piano sampling techniques, delivering rich tones with breathtaking realism and authenticity.

SLIMLINE DESIGN

With elegant curves and graceful simplicity, the stylish CL35 and CL25 represent two modern classics from KAWAI's award winning design group. At under 28 cm deep, these ultra-compact digital pianos occupy a minimal amount of floor space, and are available in either distinguished natural Rosewood or fashionable Cherry finishes, to blend effortlessly into today's modern living environments.

BUILT-IN LESSONS

The convenient lesson function integrated within the CL35 allows aspiring pianists to study the piano using a collection of Burgmüller and Czerny etudes, or songs from the popular *Alfred's Basic Piano* course books*. The left and right hand parts of each etude or song can be practiced separately, adjusting the tempo to perfect difficult passages, before eventually being recorded and played back for self-evaluation.

* USA, Canada, Australia and UK only.
